

WHAT DO EVERY DAY ANSWERS DEVELOP

Write code that builds web sites and apps

Stimulates work from home office

Learn new things about how to code

Attend meetings without details with other members

Either a formal meeting or just standing at someone's desk

▶ Test our apps to make sure they work correctly

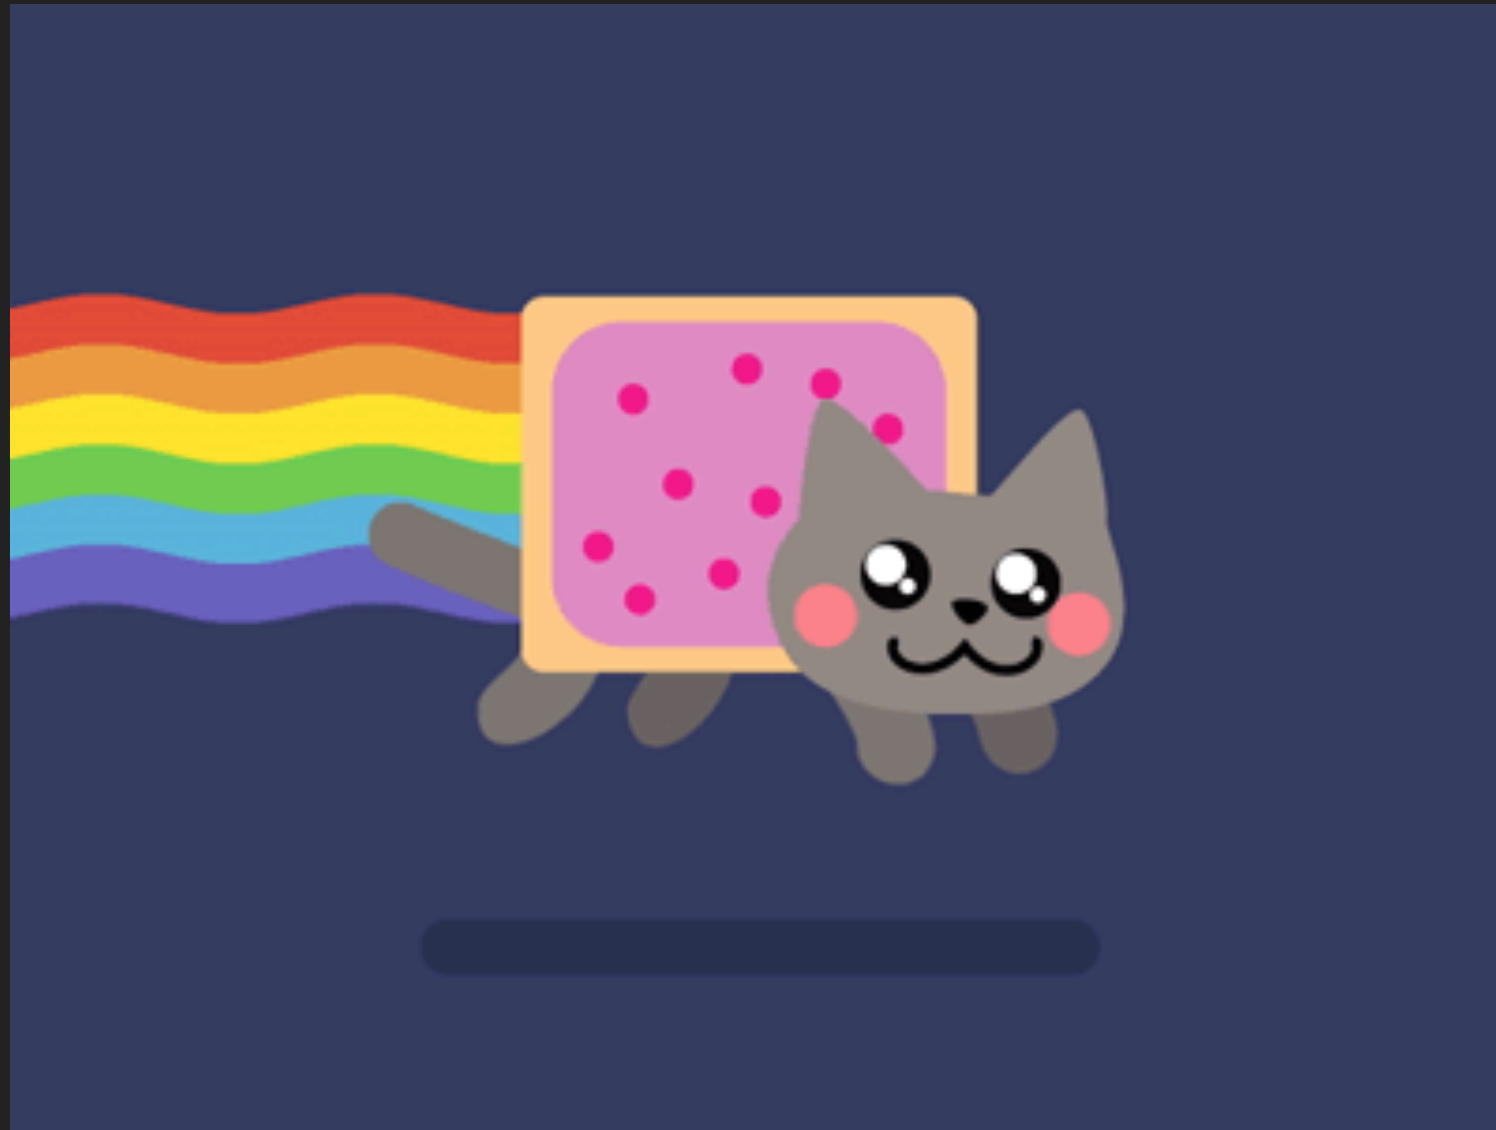

Find bugs and squash them i.e. problem-solving skills

Play ping-pong, nerf basketball, or hacky sack!

WHAT I DO EVERY DAY AS A SOFTWARE DEVELOPER

- ▶ Write code that builds websites and apps
- ▶ Sometimes work from home instead of an office
- ▶ Learn new things about how to code
- ▶ Attend meetings to work out details with other team members
 - ▶ Either a formal meeting or just standing at someone's desk
- ▶ Test our apps to make sure they work correctly
- ▶ Find bugs and squash them i.e. problem-solving skills
- ▶ Play ping-pong, nerf basketball, or hacky sack!

↑ SOMETIMES WE DO THIS ↑
